

The screenshot shows the myScouting Training Manager interface. On the left is a sidebar with a list of units, including Indian Springs - 1 18-1 and various churches. The main area features two charts: a 'Trained Leaders' pie chart showing 83.3% Trained (red) and 16.7% Not Trained (green), and a 'YPT' gauge chart showing 100% Current (green). A tooltip labeled 'Trained Leaders Report' is positioned over the pie chart. Below the charts are buttons for 'Trained Leaders Trend Chart' and 'YPT Trend Chart'. The dashboard footer indicates it was updated on 5/30/2018 at 4:25 AM CST.

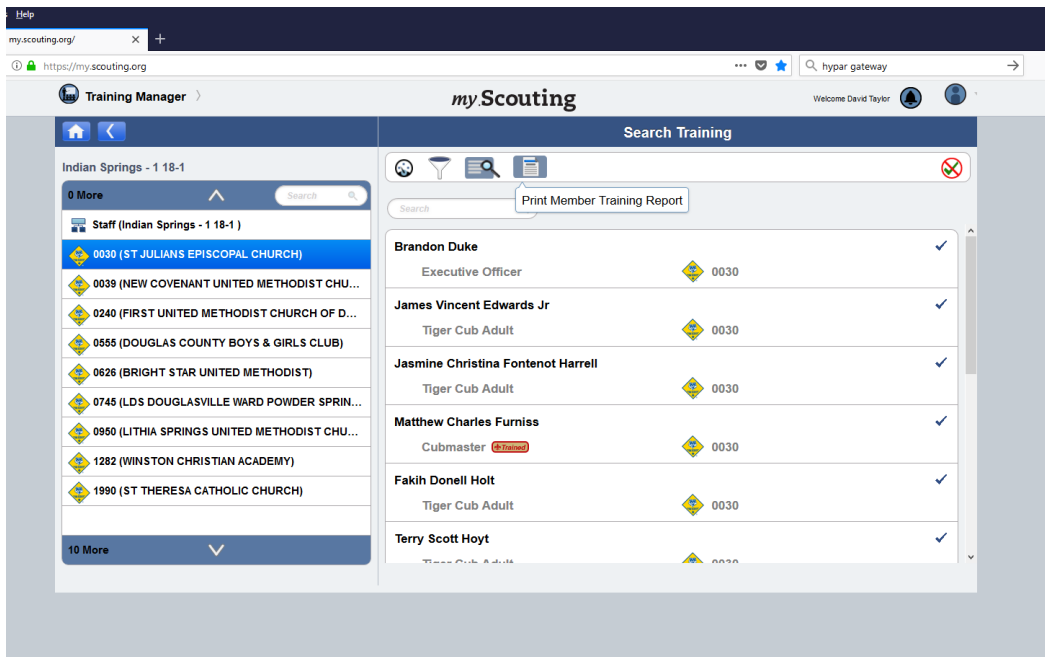

Clicking on Trained Leaders Report here will only get the spreadsheet instead of the good PDF report.

This screenshot is identical to the one above, but with a tooltip labeled 'Search Training' positioned over the 'Trained Leaders' pie chart. The rest of the interface, including the sidebar, charts, and footer, remains the same.

Instead, click on Search Training.

Select All Leaders

Click on Print Member Training Report to generate the PDF report that contains each individual leaders' completed and yet to complete training.
